

Old Town Knightdale Small Area Plan UPDATE #6

Town of Knightdale Planning Department

October 2, 2006

Kick-Off Day: August 29

Great attendance marked the kick-off day with a total of more than 55 people participating throughout the day. After receiving a tour of Old Town from staff in the morning, the consulting team of Raybould Associates met with small groups throughout the afternoon and again with the general public during the evening.

Charrette: September 12

Although many people may not have known exactly what a charrette was prior to this day, I believe many enjoyed this interactive process of talking and drawing in small groups. Some very unique and interesting ideas were born out of this process. Over 40 people actively participated in 5 small groups with each group developing and presenting a plan to the larger audience.

Consultant Work Day: September 13

Taking what they learned during the charrette and kick-off day, the consultants produced a rough sketch of a concept plan during the morning hours. Over lunch, the team presented their sketch to a small group of residents, staff and board representatives to make sure they were on the right track. After receiving feedback from the group, it was back to work for the consulting team.

Concept Plan Presentation: September 14

Nearly 40 people turned out Thursday night to see the draft concept plan produced by the consulting team. After just a few comments and questions from the public, a heavy week of work came to a close.

The attached concept plan and "positioning statement" are now open for further review and comment. **Please submit any comments by Monday, October 16 in writing to Jeff Triezenberg via email at: jeff.triezenberg@cil.knightdale.nc.us or via regular mail at 950 Steeple Square Court, Knightdale, NC 27545**
